- (1) The period of 50 years starts from the date of purchase. At the end of the first period there is an option to purchase rights for a further 50 years.
- (2) Stone markers may only be inscribed with the name of the deceased and the dates of birth and death. There will be no separate charge for the inscription itself where the final details are provided when the application form is first received.
- (3) When the second burial takes place, there is an option to extend the exclusive rights to 50 years from the date of that burial. The cost will be based on the number of additional years requested.
- (4) Acorn Ridge will make no charge for the burial, but an inscribed grave marker is not included. Exclusive rights may be purchased.
- (5) An urn can be designed especially for a client (price on application).
- (6) Acorn Ridge will offer a range of appropriate native trees. Trees are planted as close as possible to graves, taking into consideration growing habits. A new planting may not always be possible, in which case an existing tree may be offered. All planting to be done by Acorn Ridge only.
- (7) No memorial item of any kind may be installed or erected without the prior approval of Acorn Ridge.
